

SANTA'S makerspace @ the **LIFT**

SATURDAY, DECEMBER 10, 2022

You can RSVP for one of three time slots:

10am-noon
or
noon-2pm
or
2pm-4pm

Calling all MAKERS! You are invited to come to the LIFT Makerspace for a special holiday event on Saturday, December 10. During the Santa's Makerspace event, you can create a custom Christmas ornament using laser-cut parts. Cost is \$10 per ornament and includes all the supplies needed to make an awesome Christmas ornament make-and-take project and a yummy cup of hot chocolate. This is a come-and-go event, and there are three time slots to choose from. All students must be accompanied by a parent or guardian, so bring your whole family. It'll be a lot of fun! Space is limited, so RSVPs are required.
